

CURRICULUM SUMMARY

Term: Autumn

2

Year Group: 4

Class Teacher: Mrs Morgan

To love, serve and learn as Jesus shows us

Year Group: 4 Term: Autumn 2

Medium Term Planning for Writing			
Year Group:	4	Class Teacher:	Mrs Morgan
Academic Year:	2019/2020	Term:	Autumn 2

Cinderella of the Nile Author: Beverly Naidoo

Final writing Outcome:	Own version of a traditional tale
Incidental pieces of writing:	Short news report, diary entry, character description, advert,

<u>Success Criteria</u>			
<u>Continuous skills</u>			
Vocabulary,	•Full stops and capital letters (including for proper nouns), exclamation marks, question		
grammar and	marks, commas to separate items in lists, apostrophes for contracted forms (e.g. don't).		
<u>punctuation</u>	Punctuation at Y3 standard is used correctly.		
	•Uses dictionaries efficiently		
	Write from memory sentences dictated by the teacher, that include words and		
	punctuation included in the Y3/4 word list		
	•Enhance the effectiveness of writing through a varied and rich vocabulary, varied		
	grammar and sentence structures		
	•Evaluate writing according to purpose considering the effectiveness of word choice,		
	grammar and punctuation.		
Composition	•Plan using features of the given form.		
	•Plan, draft and orally rehearse writing, including selecting vocabulary and phrases, to		
	engage and interest the reader.		
	Make appropriate additions, revisions and corrections when proof-reading.		
	•Use paragraphs to organise information and ideas around theme.		
	•Use paragraphs to organise and sequence more extended narrative structures.		
<u>Transcription</u>	•Mostly accurate spelling of words from the year 3 /4 wordlist		
(Spelling)	•The full range of spelling rules and patterns, as listed in Appendix 1 for Years 3 /4 are		
	mostly accurate.		
	•Suffixes and prefixes are used mostly accurately (e.gor, -ous, -ation, dis-, mis-, in, im-,		
	ir-, il-, re-, sub-, inter-)		
	•Spelling is mostly accurate, with only a few errors in more ambitious vocabulary choices		
	(refer to spelling appendix for Years 3 and 4)		
Handwriting and	•Join handwriting throughout independent writing using diagonal and horizontal strokes		
<u>presentation</u>	with greater fluency		
Focus skills			

Focus skills

Standard English forms for verb inflections instead of local forms (e.g. we were instead of we was). Variety of verb forms used correctly and consistently (past and present tense, progressive and present perfect)

Fronted adverbials to vary sentence structure (later that day, I heard the bad news).

Commas after fronted adverbials.

Nouns and noun phrases expanded by the addition of modifying adjectives, nouns and preposition phrases (e.g. park the car beside the fence, look at the speedboat with the blue sail).

Use of inverted commas and other punctuation to indicate direct speech (e.g. comma after the reporting clause, end punctuation within inverted commas, capital letters, some accurate use of new line for new speaker).

Year 4: Autumn 2 Geography: Rivers

In this topic we will look at the

The Big Question...

What does Warrington have in common with the Ancient Egyptian civilization?

Learning Outcomes

Can I use an atlas to find out information?

Can I name and locate the major rivers of the UK and of the world?

Can I identify the continents and the oceans?

Can I name the parts of a river?

Can I understand the journey of a river?

Can I explain the meaning of vocabulary related to rivers?

Can I explain observations?

Call Lexplain observations:

Term: Autumn 2

Subject: Mathematics

Week 1 Week 2 Week 3 Week 4	Week 5 Week 6 Week 7	Week 8 Week 9 Week 10 Week 11	Week 12
Count in multiples of 6, 7, 9. 25 and 1000. Find 1000 more or less than a given number. Recognise the place value of each digit in a four digit number (thousands, hundreds, tens and ones) Order and compare numbers beyond 1000 Identify, represent and estimate numbers using different representations. Round any number to the nearest 10, 100 or 1000 Solve number and practical problems that involve all of the above and with increasingly large positive numbers. Count backwards through zero to include negative numbers. Read Roman numerals to 100 (I to C) and know that over time, the numeral system changed to include the concept of zero and place value.	Add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate. Estimate and use inverse operations to check answers to a calculation. Solve addition and subtraction two step problems in contexts, deciding which operations and methods to use and why.	Number - Multiplication and Division	Consolidation

Year 4: Autumn2 History:

In this topic the children will explore how Egypt fits into the timeline of civilisations. The children will learn about landscape, artefacts and the Egyptian way of life. They will explore the process of Egyptian tombs and mummification.

The Big Question...

What does Warrington have in common with the Ancient Egyptian civilization?

Learning Outcomes

Can I locate ancient Egypt in time and place?

Can I learn about the Egyptian landscape and find out how it impacted on people's lives in Ancient Egypt?

Can I find out about Tutankhamen and how artefacts can teach us about the past?

Can I understand the importance of artefacts in helping us find out about the past?

Can I find out about the way of life in ancient Egypt?

Can I learn about Egyptian tombs, pyramids and burial sites. To learn about Egyptian tombs, pyramids and burial sites?

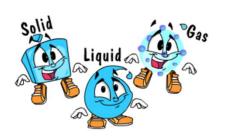

Can I recall, select and organise historical information?

Can I recall, select and organise historical information?

Year 3/4 : Autumn2 Science: States of matter and the water cycle

STATES OF MATTER

In this topic the children will explore states of matter and compare a range of materials. The children will identify the properties of gases and explore what happens to a material when it is heated or cooled. We will also look closely at the water cycle and it's part in the process of evaporation and condensation.

Learning Outcomes

Can I compare and group materials together according to whether they are solids or liquids?

Can I identify and explore the properties of gases?

Can I observe that materials change shape when they are heated or cooled?

Can I research the temperature in degrees Celsius (°C) at which materials change state?

Can I understand the process of evaporation?

Can I understand the process of condensation?

Can I identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature?

Scientific Skills:Learning skills:Core Vocabulary:Compare and group materials together, according to whether they are solids, liquids or gases Observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C) identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperatureLearning skills: Compare and group materials together, according to whether they are solids, liquids or gases. Observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C) Identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.Core Vocabulary: Solid, liquid, gas, particle, spread, solidify, freezes, ice, temperature, melt, metal, evaporation, flow, condensation, Cooler, warmer, water cycle.Melt, metal, evaporation, flow, condensation, condensation, Cooler, warmer, water cycle.Cooler, warmer, water cycle.Melt, metal, evaporation, flow, condensation, condensation, condensation, condensation, Cooler, warmer, water cycle.Lieutify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.	evaporation with temperature:
